

FOR IMMEDIATE RELEASE

**Zimmet Healthcare Launches Medicaid Reimbursement Application**

*CMI-Connect Reinvents Skilled Nursing Facility Medicaid Case-Mix Management*

**Manalapan, New Jersey – September 21, 2023** – In an era of rapid technological advancement and evolving healthcare dynamics, Zimmet Healthcare Services Group, LLC (“ZHSG”) is proud to introduce our platform’s first application, CMI-Connect. Designed to spearhead innovation in the healthcare reimbursement landscape, CMI-Connect represents a new product category, offering Medicaid reimbursement software tailored to the acuity adjusted case-mix index (CMI) systems of each state.

**Introducing CMI-Connect: A Game-Changer in Reimbursement Management**

CMI-Connect is a groundbreaking application designed to tackle the issues healthcare facilities encounter when monitoring and analyzing CMI, a vital component of successful reimbursement management. In the ever-evolving healthcare landscape, characterized by varying state regulations and dynamics, making cross-state comparisons can be a complex endeavor. CMI-Connect offers an all-encompassing solution that seamlessly overcomes these challenges, empowering healthcare facilities to navigate reimbursement intricacies with ease.

**Integration of Clinical and Financial Domains**

Recognizing that reimbursement management necessitates comprehensive proficiency across diverse domains, CMI-Connect allows users to oversee all aspects of Skilled Nursing’s fragmented reimbursement equation. As the industry shifts from the Resource Utilization Group (RUG) to Patient-Driven Payment Model (PDPM), z.Apps serve as a unifying force, streamlining processes, issuing alerts, and facilitating meaningful comparisons – all within a single, integrated system.

**Redefining Automation: Elevating Efficiency and Resident Care**

Through CMI-Connect, ZHSG aims to achieve unparalleled efficiency by automating processes that were once labor-intensive and resource heavy. The automation capabilities of z.Apps go beyond financial calculations, providing a means for capturing timely and accurate reimbursement and lifting the entire SNF revenue-cycle.

**Experience the Future of Reimbursement Management**

ZHSG remains committed to driving innovation and efficiency through *ConsulTech* – technology enhanced by consulting. CMI-Connect is a testament to this commitment, empowering healthcare facilities to thrive in an environment of complexity and change. Our objective is to bridge the reimbursement gaps, enhance staff efficiency, ensure accurate capture, and synchronize the skilled nursing facility's reimbursement position across all payers.
